**Full name :** James Lacey

**University Currently Studying at :** School of Computing Media & the Arts | Teesside University

**Current Year of Study :** 3rd year

**Course Title :** BA Computer Animation & VFX

**Module Title :** Animation Pre-production VIS1060-N (retired)

**Supporting Synopsis :** The main factor which really struck me when I first heard "Falklands: Laurie and Brian" was the way in which Laurie told his story. His tone of voice has a certain sincerity to it which I felt deepened the impact of his words. Here we have a man who fought bravely for his country, and who looks back at a very dangerous situation that played a big part in his life. He is just one man of the three-to-four hundred that were on-board that day who could have all perished but didn't. For me, the story has a nice message to it which I think will resonate with a lot of people; the message is to never take life for granted.
